

W

we are one of the very few printing companies in Eastern Europe that can print on Bible paper.

Bible paper has weight of 27 gsm. and allows making 2,000-page books thin and light while preserving excellent quality even for a 2-color text. For over twenty years, Bible printing has been one of the major production lines for Printcorp. We have printed and shipped worldwide over 4 million Bibles & New Testaments.

For Torah and Bible printing, we offer the most complete range of binding techniques:

Case binding, Hard Back, Perfect Bound, or Saddle Stitched, Vinyl or Genuine Leather and PVC. We use first-class materials from over 50 leading world suppliers in Europe and US – OP Papirna and UPM Finland (paper), HB Fuller (glue), Sun Chemical (ink), BN International, Synt 3 and Cromwell (cover material), Leonhard Kurz (foil), etc.
